To be by your side.

Hello, This is Nanashiki from Ameiro
It got colder lately so I wanted to draw a warm fuzzy manga.
If it warmed you up even for just a little bit, I'll be glad

I wanted to draw middle school NanoFate regularly.
Actually, I might as well just say I wanted to draw primary school and adult NF too,
and also M-rated ones (lol)
Anyways, I will never have enough of NanoFate,
so you two please keep making out!

Also, I'm so glad that Vivid will get made into an anime.
I hope info about the movie will get released soon too ><
The official webpage is getting updated I'm so looking forward to it!
I can't wait to see the characters from MGLN series move (lol)

Well then, I'll be happy to meet you again in the next manga,
Thank you very much for reading up to here~
